AGENDA REPORT

City of Santa Clara, California

Agenda Item #

MA-M

Date: January 7, 2009

To: City Manager for Council Action

From: Acting Director of Human Resources

Subject: Approval of the Revised Job Description for Street and Solid Waste Superintendent

EXECUTIVE SUMMARY:

This revises the job description for the position of Superintendent of Street/Storm Maintenance, by combining it with the Solid Waste Superintendent. Street and Solid Waste Superintendent is a managerial position in the Unclassified Service responsible for administration and supervision of one or more of the Street Maintenance, Storm Drainage, and Solid Waste Divisions of the Street and Automotive Services Department. An incumbent in this class exercises independent judgment and discretion; manages, controls and directs employees and contractors; and formulates policies for the effective use of assigned departmental personnel. In addition, the incumbent demonstrates strong ethical, professional and service-oriented leadership and interpersonal skills; sets a good example, and correctly applies the tenets of the City's Code of Ethics and Values. Staff is recommending this revised job description.

ADVANTAGES AND DISADVANTAGES OF ISSUE:

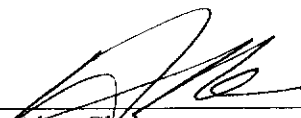

Approval of this job description for the classification of Street and Solid Waste Superintendent will allow the City to begin a recruitment, and ensure currency of language in the job description. There are no disadvantages.

ECONOMIC/FISCAL IMPACT:

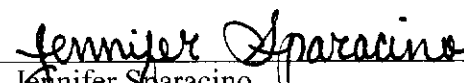

There is no economic or fiscal impact to the City, other than administrative staff time and expense. Funding is provided for in the current budget.

RECOMMENDATION:

That the Council approve the revised job description for Street and Solid Waste Superintendent.

Alan Christenson
Acting Director of Human Resources

APPROVED:

Jennifer Sparacino
City Manager

CITY OF SANTA CLARA, CALIFORNIA
STREET AND SOLID WASTE
SUPERINTENDENT
(Unclassified)
(159)

EDUCATION AND EXPERIENCE

Minimum Requirements:

- Graduation from an accredited college or university with a Bachelor's Degree in civil engineering, environmental studies, construction management, business management, or related field, and
- Five years of increasingly responsible and varied experience involving street, traffic or storm drainage maintenance and construction or acceptable alternative public works maintenance or construction experience, at least two years of which shall have been in a supervisory capacity.

Desirable Qualifications:

- An advanced degree in public administration, business administration, engineering, or management is desirable; and
- Possession of or the ability to obtain a valid certificate of registration from the State of California in civil engineering is desirable.

LICENSE

Possession of a valid California Class C driver's license is required at time of application and for the duration of employment.

DISTINGUISHING CHARACTERISTICS

This is a management position in the Unclassified Service. Under the general direction of the Director of Streets and Automotive Services, the position will be responsible for administering and supervising one or more of the Street Maintenance, Storm Drainage, and Solid Waste Divisions of the Street Department. An incumbent in this class exercises independent judgment and discretion; manages, controls and directs employees and contractors; and formulates policies for the effective use of assigned departmental personnel.

As a member of the City's Unclassified Service, this is an "at-will" position. The incumbent serves at the discretion of the City Manager. An incumbent in this classification: demonstrates strong ethical, professional, and service-oriented leadership and interpersonal skills; sets a good example; and correctly applies the tenets of the City's Code of Ethics and Values.

TYPICAL DUTIES

Each position in this classification may not include all the duties listed below, nor do the

STREET AND SOLID WASTE SUPERINTENDENT(Continued)
